Dear colleague

Thank you for participating in the information meeting with the Danish National Research Foundation at Nørre Campus on 11th March. We hope you found it informative.
The slides from the meeting are attached together with the guide for applicants.

We recommend that UCPH applicants get in touch with us as early as possible at the respective research funding sections, to make the most of the support that we offer:

Campus Frb+: Casper Tai Christensen ctc@adm.ku.dk, Christen Artagnan Sørensen cas@adm.ku.dk

Campus Nørre: Melanie Blasius blasius@adm.ku.dk, Christine Finnie christine.finnie@adm.ku.dk

Campus Søndre: forskningsfinansiering-soendre@adm.ku.dk

Budget:

We recommend that you discuss your budget requirements with your institute leadership and co-applicants at the earliest opportunity. You can get help from your financial officer to prepare the NIMBUS budget, which will need to be approved by the institute(s) prior to submission of the Stage I application. If you are unsure who to contact at the finance department, please get in touch with us at the research funding units.

If the UCPH share of your budget is over 40 MDKK and you are invited to submit a Stage II application (you will be informed in January 2027), the Rector's approval will be needed. We will assist you with that, but note that it requires your finalized budget to be approved by all parties well before the deadline in April. We will update with internal deadlines closer to the time.

Pitch and get feedback on your Centre of Excellence idea

We plan to hold a number of sessions where you can pitch your idea to a panel of interdisciplinary experts from UCPH, and get their feedback to help you prepare the best application for Stage I. These sessions will be held in May-June. **To give us an estimate of demand, please let us know by reply whether you would be interested in this opportunity.**

We look forward to hearing from you!

Chris and Melanie
